## FIREBUGS AGAIN TACKLE DUBUQUE

Another Incendiary Blaze Does  
Quarter Million Damage.

THREE SUSPECTS IN TOILS

Police Keeping Silent About the Men Under Arrest, as the Temper of the People Is Such That Mob Violence Might Result Were They Sure of the Guilty Parties—Commercial Club Offers Reward of \$5,000 for Capture of Culprits.

Dubuque, Ia., May 29.—The incendiary or incendiaries who terrorized Dubuque at an early hour Saturday morning by setting four fires which caused a loss of more than \$300,000 to the Standard Lumber company got busy again and started a fire in the south yards of the same company.

The loss is estimated at \$250,000 to the Standard Lumber company, \$50,000 to the Conlin & Kearns Ice company and \$10,000 to the Star Brewing company.

Three arrests have been made, but the police have little to say about the men held, for the temper of the people is such that were they sure the guilty parties were under arrest it is feared quick punishment would be meted out.

During the progress of the fire in the Standard Lumber company yards another blaze was discovered in the large yards of the P. J. Seiple Lumber company, more than a mile away, where the wind could not possibly have carried sparks.

So sure are the authorities that all of these fires are of incendiary origin that the Commercial club has offered a reward of \$5,000 for the apprehension of the guilty parties.

A number of freight cars were burned and the wires of the telephone, telegraph and electric companies were badly crippled.

### POSTOFFICE EARNS SURPLUS

Deficit Wiped Out for First Time in History of Service.

Washington, May 29.—For the first time in the history of the service it is said the deficit in the postoffice department has been entirely wiped out and \$1,000,000 surplus for the current fiscal year ending June 30 next is in the treasury to the department's credit.

Postmaster General Hitchcock signed a warrant returning to the secretary of the treasury \$3,000,000, the last of the amount set apart from the public funds to assist in defraying the expenses of the postal service for the present fiscal year.

### TO CLOTHE ARMY IN WOOL

War Department Decides It Will Thus Save \$500,000 a Year.

Washington, May 29.—From the standpoint of economy the war department has decided to clothe the army in woolen instead of worsted uniforms. All the woolen manufacturers in the country have been invited to send the department samples of the olive drab woolen cloths they can offer.

Officials here declare the change will result in a saving of \$500,000 yearly. The woolen cloth, it is added, is softer and cheaper than worsted and has the advantage of affording a wider range of competition.

### FROSTS IN WESTERN DAKOTA

Garden Truck Damaged, but Grain Is All Right.

Minot, N. D., May 29.—A rather heavy frost occurred generally throughout Western North Dakota, but the damage to grain will be slight. Wheat was not damaged by the frost and there is very little flax up yet. Some damage was caused to garden truck. The thermometer at Minot registered 32, which is considered by Weather Observer Bates a killing frost, but not enough to do serious damage to grain.

### CABINET TO BE REPRESENTED

Secretary of Interior Probably Will Accompany Pact Boosters.

Washington, May 29.—Senator Townsend of Michigan obtained the promise of President Taft to designate a member of the cabinet to accompany the Detroit board of trade on a trip in behalf of Canadian reciprocity which begins June 7.

Secretary of the Interior Fisher probably will go.

### DIES WHILE PLAYING HYMN

Pennsylvania Organist Stricken With Apoplexy During Service.

Blairsville, Pa., May 29.—Miss Susan Millhouser, organist of the United Presbyterian church here, died from apoplexy while playing at a special Memorial day service. She was forty-five years old. Near the end of the closing hymn the organ stopped abruptly. The congregation looked in surprise toward Miss Millhouser and saw that her head was bowed. When members of the choir reached her side she was dead.

### GABY DESLYS.

Wealthy Cuban Buys Dancer  
Rope of Pearls Costing \$100,000.

GABY'S PEARLS COST \$100,000

Wealthy Cuban Buys Rope for Dancer  
Manuel Couldn't Afford.

Paris, May 29.—Gaby Deslys is in the limelight again and this time the cause is a rope of pearls which makes her the most envied woman in all Paris.

King Manuel's infatuation for the dancer was not as great as is that of a wealthy Cuban named Unzué.

"If you care for me," said Gaby, "you will buy me that rope of pearls at La Cloche."

Then did M. Unzué hasten to La Cloche. The pearls represented the expert collection of many years and the rope cost \$100,000.

"Well," said Gaby, "my king could not afford to pay that."

Then chaperoned by her sister the beauty consented to sup with the Cuban at Maxim's. Gaby wears the pearls in the daytime. The rope reached from head to toes, a total length of ten feet, and with her slight figure and Pomeranian dog she is the cynosure of all eyes when she appears on the boulevard.

## IMMIGRATION WILL SHOW FALLING OFF

About 150,000 Less Arrivals  
This Year Than Last.

Washington, May 29.—When the government's fiscal year ends, June 30, and the bureau of immigration starts to add up the totals for the past twelve months it probably will be found that the United States imported about 150,000 fewer new citizens than it did in the preceding year. In other words, the number of immigrants who arrived in this country in the last six months of 1910 and the first half of 1911 is not likely to exceed 900,000. The figures for the prior year, 1,041,570.

The only general reason assigned for this decrease is the smaller demand for labor of all kinds. Immigration largely is taken as an index of the prosperity of the United States. Thus 1905, 1906 and 1907 represented the high water mark for foreigners who came here to make their homes. Each of them passed the million mark, while 1907 reached the high total of 1,235,349. Following that there were two lean years, 1908 and 1909, neither of which showed a total much in excess of 750,000. Then there was a jump of more than a quarter of a million, and now there is another reaction.

### PLAYERS HURT IN STORM

Grandstand Overturns and Falls on Them.

Granite City, Ill., May 29.—Twenty spectators at a baseball game were more or less seriously injured when the grand stand collapsed under the force of a heavy wind. Twelve of the twenty injured were baseball players.

Most of the spectators fled at the approach of the storm. The grandstand was picked up bodily by the storm and hurled upon a crowd of players who were huddled behind it, seeking refuge from a bombardment of hail.

Busch to Wear Red Eagle.

New York, May 29.—Adolphus Busch of St. Louis received the decoration of the commander's cross of the Prussian order of the Red Eagle in recognition by Emperor William of his services in promoting German culture in America. His donations to the Germanic museum of Harvard university total \$250,000. Mr. Busch at present is in New York.

Lawyer's Fee.

In 1476 a lawyer's fee was less than a dollar, with fourpence thrown in for a dinner.

## POLITICIANS ARE WATCHING BRYAN

Nebraskan Seems to Be Backing  
Ollie James.

IS INTERESTED IN CONTESTS.

He Is Active Against Martin In Virginia and Is Opposing Paynter In Kentucky—Governor Osborn of Michigan Says Stenographers Never Report Him Correctly.

By ARTHUR W. DUNN.

Washington, May 29.—[Special.]—Bryan's elimination process is interesting Democrats who have voted three times for the Nebraska statesman. A man who had aspirations for the Democratic nomination sent a friend to Bryan to sound him as to which man of all those mentioned he (Bryan) would consider available.

Man after man was taken up and canvassed, and some fault was found with every one. Finally in desperation the emissary of the candidate asked Bryan to name a man who would be satisfactory to him, and Bryan in reply asked, "How would Ollie James of Kentucky do?"

Bryan's activity in different states is also alarming Democratic politicians. It is known that he is particularly active against Senator Martin, the minority leader, and Virginia has a great many Bryan followers. Bryan is for James against Paynter in Kentucky. He does not hesitate to take sides in these contests.

A Fast Talker.

Governor Osborn of Michigan gave the stenographers at the finance hearing a busy half day when he was before the committee. Senator Stone called attention to the fact and suggested that Osborn revise his remarks. "I have never seen a stenographer who could report me," said the governor, "and I shall take that for granted and never do any revising."

The Michigan governor also gave the opponents of reciprocity a busy half day. He favored the agreement, in which he differed from the other Michigan men. Senator Stone, who also favors reciprocity, said the governor's statement was "one of the clearest and strongest we have heard."

Mahogany Doors Turning Gray.

The fine mahogany doors of the senate office building are turning a dirty gray color and mar the general appearance of elegance of that luxurious structure where everything is of the very best. These doors remind one of a red pressed brick wall which seems to ooze out a gray color and spoils the looks of the building.

The explanation is that the mahogany was not properly seasoned, and the dampness in the raw wood coming through the polish has made the doors a remarkable contrast to the other fittings in the building.

Condemns Deadly Weapons.

Speaking on the tariff Congressmen Sisson of Mississippi made an earnest plea against the promiscuous manner in which deadly weapons are sold.

"They cause murderous men to be more drenched than the savage red man or wild beast," he said. "Why not tax them?" he asked. "Whisky, cards and pistols go together. Let us tax pistols, not pious; let us tax dirk knives, not disk harrows; let us tax pistol cartridges, not corn planters. My own people are sometimes charged with being 'pistol toters.' Well, why do you make those things and sell them to us? Either stop making them or stop lecturing us."

Pride in Public Buildings.

"From a business point of view—that is, in dollars and cents," said Supervising Architect Taylor, in charge of government buildings—"it may be said that the present policy of having many public buildings is wrong, but from another point of view it is right. Our foreign born citizens are more impressed by seeing government business transacted in a large and commodious building than if it were hidden away on a back street or sandwiched in between a grocery or a tailor shop."

"Then it means much to a town. 'That is our government building,' the person proud of his town tells the visitor, and it is very gratifying to the local pride."

Gallinger's Earnest Effort.

Taking up a fight that was long ago carried on by Senator Frye and later by Senator Hanna, Senator Gallinger now is making an earnest effort to restore the American merchant marine by passing a subsidy bill. The New Hampshire senator was almost successful four years ago, and the bill would have passed if Senator Carmack of Tennessee had not inaugurated a filibuster at the end of the congress which prevented a vote.

For weeks Senator Gallinger has had the measure before the senate and patiently awaited the convenience of senators who wanted to talk or who wanted to consider other legislation. He has a bill now that is in accord with the plans of the administration for subsidizing ship lines to South America. The Pacific coast men who have been in favor of subsidy measures do not like the idea of leaving their coast out of the bill, but they will support it in the hope that the Pacific coast lines may receive consideration another time.

Still Unimproved.

Slasher—I hear that Jackins has taken a wife from the washbub. Stabber—That is not so. She is there yet.

### MISS HELEN TAFT.

Young Woman on Board  
Ship During a Collision.

### MISS TAFT IN COLLISION

Naval Secretary's Flagship Sinks  
Powerboat.

Washington, May 29.—While returning to Washington from a trip down the Potomac with Miss Helen Taft and party of young women chaperoned by Mrs. George von L. Meyer, wife of the secretary of the navy, Beekman Winthrop, assistant secretary of the navy, and Mrs. Winthrop, the secretary of the navy's flagship Dolphin ran down and sank at Alexandria, Va., the powerboat Sculpin Fay, containing three men, which darted across her course at full speed.

Alexander Yellowless of this city, one of the three, could not be found when the Dolphin's boat rescued the other two, although an hour was spent in search.

## TWO PERSONS KILLED IN ILLINOIS CYCLONE

Meager Details of Severe Storm  
at Pekin.

Peoria, Ill., May 29.—A cyclone struck Pekin, Ill., ten miles south of this city, killing two persons and causing property damage amounting to several hundred dollars.

The dead are: Clyde Sakers, aged fourteen, and Frank Woodley, aged fifteen. Louis Schaefer, aged twenty-one, had both legs broken. The storm came from the northwest.

The pumping station on the east bank of the river was first to feel the storm and was completely demolished. The storm then jumped across the Illinois river and the plants of the Boley Ice company were completely destroyed.

Trees were uprooted, roofs blown from houses and plate glass windows smashed in the business section of Pekin.

The storm followed the river and the residence part of the city escaped. Both telephone and telegraph wires are down and further details are not obtainable.

### DIE TRYING TO ESCAPE HEAT

Five Drown in Toledo, Seeking Relief  
on Water.

Toledo, O., May 29.—Two more persons, making five in twenty-four hours, were drowned here as a result of trying to escape from the torrid heat. Patrick Young, nineteen years old, a railroad clerk, while swimming in Maumee river, was drowned in sight of many spectators.

Miss Rose Jacobson, nineteen years old, while canoeing with a young man on the Maumee river was drowned when the canoe overturned. The young man escaped.

The government thermometer registered 95.3 degrees, the hottest for this time of the year here for forty years.

Killed in Church Door.

Bloomington, Ill., May 29.—Thomas Haig was killed by lightning at the Baptist church at Benson. He was standing in the door preparatory to attending a Sunday school convention when struck.

Bozeman Man Kills Himself.

Bozeman, Mont., May 29.—After drinking two ounces of carbolic acid, mixed with whisky, Guy Phillips calmly lay down to die. The act was committed in the City restaurant. Death came before assistance reached the man.

Not Catching.

One of the big league pitchers was disgusted one day at his team's wretched outfielding. Battered after batter sent up high flies, and these easy balls were muffed alternately by left and center.

The pitcher at the sixth muffed threw down his glove and stamped on it.

"There's an epidemic in the outfield," he said, "but, by jingo, it isn't catching!"

In Clubland.

Hudson—How did you vote? Mrs. Hudson—I wanted to vote both ways, so I paired with myself.—Harper's.

## ANOTHER REVOLT NIPPED IN BUD

CONLEY GETS BAD BEATING

Wisconsin Featherweight Loses to  
Coster of Brooklyn.

New Orleans, May 29.—Joe Coster of Brooklyn administered a severe beating to Frankie Conley of Kenosha, Wis., in a twenty-round bout at the West Side Athletic club. Three judges were unanimous in awarding the Brooklyn boy the honors and he is now slated to meet Abe Attell for the featherweight championship.

Conley was a 7 to 5 favorite with the crowd. Both boys appeared to be in excellent condition. They weighed 122 pounds.

Coster led off with a left to the chin, a short vicious jab which he used almost at will after the eighth round, cutting the Kenosha boy's lips until they were raw. The continued hammering developed a swelling on Conley's right cheek almost as large as a baseball and huge welts over both eyes by the time the bout had ended.

Madero Claims to Have Caught  
Principals in Act.

### DETECTIVES BUSY TEN DAYS

American and Mexican Under Arrest for What Is Alleged to Have Been Well Laid Plan to Overthrow Madero's Leadership, Prevent His Reaching Mexico City and Start Counter Revolution Against Successful Leader.

El Paso, Tex., May 29.—What is looked upon by Francisco I. Madero as a well laid plan to prevent his reaching Mexico City, to overthrow his leadership and to start a counter revolution against him was revealed here in the arrest of Daniel de Villiers of Mexico City.

W. F. Dunn, American, according to a telegram received by Madero's chief military adviser, also has been arrested. He was taken in Monterrey, Mex., by a detective who had trailed him from El Paso.

The alleged plot involves certain sums of money which were to have been paid out to Madero's military leaders. Madero, according to the details given out by him, was fully advised of the scheme and allowed it to be encouraged.

A ten days trailing by detectives then began. The arrests followed what is believed to have been an effort on the part of certain members of the Cientifico party to overthrow Madero. De Villiers and Dunn for the last ten days, it is alleged, have been attempting to influence General Benjamin Viljoen, an American citizen, who is chief military adviser to Madero, and General Pascual Orozco to desert Madero's standard. Instead of yielding, the two chiefs have secretly encouraged the conspirators until evidence could be collected to make the arrests.

Both men were in constant telegraphic communication with Andres Garza Galan of Ciudad Porfirio Diaz, who is said to be one of the leaders of the Cientifico party in the state of Coahuila. Both Villiers and Dunn, in their talk with Viljoen and Orozco, said they had obtained the co-operation of General Figueroa, the rebel leader of the South, and that General Trevino, commander of the federal forces in Monterrey, had promised assistance when the new revolt began.

In messages from Senor Galan at Ciudad Porfirio Diaz to both De Villiers and Dunn the existence of a plot on the life of Madero was disclosed.

General Viljoen declared that \$25,000 had been promised him if he would participate in the conspiracy.

Names have been obtained through the contents of messages, said to involve some of the most prominent men in Mexico, and a future investigation, it is said, will disclose their identity.

### COOLER WEATHER THIS WEEK

Federal Bureau Predicts Moderate Temperature.

Washington, May 29.—Though rather warm weather is expected to prevail in the Eastern states until Tuesday the weather bureau predicts moderate temperature the country over during the present week. Indications are for unsettled conditions and showers the first part of the week in the Gulf states, the lower Ohio and middle Mississippi valleys and the Middle Plains states. Unsettled weather and rain probably will advance northward over the upper Mississippi valley, the lake region and the Eastern states during the latter part of the week.

Generally fair weather is indicated for west of the Rocky mountains.

### TWO MEN DROWN IN LAKE

Nipigon Ont. Scene of Fatal Canoe Accident.

Winnipeg, Man., May 29.—Harry Cooper, a constable, aged twenty-two, and William Haliday, aged fifty, a veteran mail carrier of the Lake Nipigon region, were drowned in Lake Nipigon while attempting to cross the lake in a canoe.

The boat was capsized by the waves and both men perished before assistance could reach them. Haliday has carried mail to the camps in the Nipigon territory for twenty-seven years.

One Killed in Motor Race.

Chicago, May 29.—Speeding at the rate of sixty miles an hour four motorcycle riders collided in front of the grandstand, packed with thousands at Hawthorne racetrack, resulting in the death of J. Nixon of Dayton, O., and injuring three others, one perhaps fatally.

Rush City Editor Dead.

Rush City, Minn., May 29.—Colonel John F. Stone of the Rush City Post died at Pine City after an illness of several weeks. Deceased was seventy-two years of age, a native of Maine, a pioneer settler of Pine City, formerly proprietor of the Pioneer hotel, a veteran of the Civil war and for the past nine years has been associated in the publication of the Rush City Post at Rush City.

The Stillwater Gazette defines an  
insurgent or progressive as one who  
is out after the other fellows job. If  
the Gazette is correct and that is all  
that can be expected the "other fel-  
lows" have not much to fear. Every  
new move in a political way has its  
office seekers and many are brought  
into the movement by the expectation  
of a place at the pie counter. But  
many of the progressives, so-called, are  
sincere in their motives and simply be-  
lieving in the same class should not con-  
demn them.

The banks of Little Falls have en-  
tered into an agreement to close  
their doors on Saturdays at 1 o'clock  
during the months of June, July and  
August. This is an idea that will be  
approved by every man who has to  
labor in a hot office or shop six days  
in the week and during the sweltering  
weather when the call of the  
wild tells him he might be enjoying  
himself on the bank of some lake or  
stream if he only had the opportuni-  
ty. We wish the example set could  
be made general.

According to certain press notices  
one would be led to think that the  
campaign for governor has been start-  
ed this early and Liet. Gov. Gordon  
is receiving the benefit of his news-  
paper acquaintance through varied  
comments on his ability to outdo Eber-  
hart in the next campaign for votes.  
Many of the friends of the governor  
do not think that Gordon should be  
given the credit that is being handed  
him on account of the recent legisla-  
tive session, and if that is done he  
should be charged up with the de-  
fects and failures as well, among  
which is the defeat of the reappor-  
tionment bill. It bids fair to be a  
merry war for supremacy among the  
factions at the next election.

### GOVERNOR'S PROCLAMATION

"This great republic owes its very  
existence to the soldier living or  
dead; to his undaunted courage and  
unselfish devotion are due the liberty  
and progress of which we as a nation  
are proud. We cannot too highly  
honor the living or too sacredly re-  
ver the memory of the dead.

"In recognition of this sentiment  
both state and nation have designated  
by patriotic legislation one day in the  
whole year as a day of memorial ser-  
vice; and on this day it is fitting that  
all should show their love and grati-  
tude to the American soldier. This  
day should be given up to appropri-  
ate ceremonies paying tribute to the  
valiant service of the heroes of the  
war, and bedecking the graves of the  
departed with nature's choicest flow-  
ers and in thus expressing apprecia-  
tion we, as a state and nation, can re-  
new our fealty to the cause of liberty  
and pledge ourselves to preserve in-  
tact the noble legacy of freedom and  
opportunity bequeathed us by the  
soldiers of the republic.

"I, therefore, designate as a legal  
holiday Tuesday, May 29, 1911, on  
which day I would urge a cessation  
of all business, displaying of flags  
at half mast, and such other obser-  
vance throughout the state of Min-  
nesota as a true recognition of the

## SOO TO BUILD TO BARROWS

Latest Reports Indicate that Soo Line is Planning Extensive Additions to Railway

### TO TAP THE SOUTH RANGE

Robert McMenemy, Soo Railway Contractor, was in Brainerd Last Friday and Saturday

That the Soo line is planning on extensions to its Cuyuna range lines seem to be an assured fact. The latest reports indicate that the Soo will run a line from Crosby to the new town of Barrows, five miles south of Brainerd.

By taking this route the Soo will tap some of the best ore fields of the south range of the Cuyuna iron range. The Soo has established a reputation as a railway which meets the shipper more than half way. At Crosby, Cuyuna and Ironton this enterprising railway built spurs and branches to the mining sites before the mines were in operation. The Soo believes in developing a country and this road was the pioneer in the field to offer the ore shipper a freight rate which guaranteed the mining of cheap ore, encouraged exploration and development which would otherwise have been checked had a prohibitive freight tariff remained in effect.

Cuyler Adams and associates own much land on the south range and it is said, that if necessary, Mr. Adams could give the Soo a clear right of way from Deerwood to Barrows.

A party of engineers has been working on the route a week and it is said an easy grade has been established. The line will pass through some of the richest ore lands of the south range as well as some of the finest agricultural regions of Crow Wing county. The Cuyuna branch is being graded this year as a heavy traffic is expected.

With the commencement of actual mining operations by the M. A. Hanna & Co. mining corporation Barrows is showing increased activity. The Hanna Hanna Co. will mine ore leased from the Brainerd Mining Co.

Robert McMenemy, of St. Paul, Soo railway contractor who has built many divisions for that railway, was in Brainerd last Friday and Saturday. Although Mr. McMenemy would give no definite information, he hinted that he was satisfied that there was to be some railway building this season. Mr. McMenemy has maintained his large railway camp at Ironton all winter in readiness for spring work and if there was to be no railway work this year he certainly would not have kept this camp in shape for early work.

### NIGHT TURNED TO DAY

Capt. Henry J. Hurley, For 16 Years on Night Force, Put on Day Service

For sixteen years a night policeman and then switched to day service is the experience of Capt. J. Hurley, the popular officer who has looked on the dark side of Brainerd for almost a quarter of a century.

Officer S. W. Quinn takes his place on the night force. Many people were surprised to see Capt. Hurley at the depot today and a lady from Nisswa said: "Well, Mr. Hurley, are you a policeman again."

If you are fatigued, try a bottle of Old Pilsener style lager beer, it is invigorating and refreshing. Order a case from the Brainerd Brewing Co. Phone 213. 3041f

### MEMORIAL DAYS SERVICES

Parade to the Cemetery in Morning, Address and Services Afternoon at Opera House

At 9:30 tomorrow morning the Memorial day parade will form on Sixth street near the postoffice and the band will head the procession, followed by the boys and girls bearing flags and wreaths, the G. A. R. and old soldiers, the Women's Relief Corps in carriages and the citizens. Services will be held at the cemetery.

In the afternoon Col. James H. Davidson, of St. Paul, the distinguished orator, will address the assemblage at the opera house and these ceremonies will take place at 2:30. This part of the day's program is in charge of the commercial club with R. R. Wise presiding.

Col. Davidson is himself an old soldier and a most finished orator and an address from him will be listened to with interest by all the old soldiers and the entire public.

### PASSES AWAY IN CALIFORNIA

Miss Lella Hunter Albrecht Well Known in Walker and St. Paul, Died May 18

The Riverside Daily Press, of California of May 20th, records the death of Miss Lella Hunter Albrecht, a young girl well known in Walker and St. Paul who also had many friends in this city. She spent some time at the state sanatorium near Walker in an effort to regain her health and while there she did much to make happy the lives of many who are taking treatment. She was a piano player whose music was much appreciated by her audiences. The article states:

"The funeral services of Miss Lella Hunter Albrecht, who died on Thursday, May 18th, took place on the afternoon of May 20 at the home of her mother, Mrs. Albrecht, on Aurora drive. Rev. Horace Porter, pastor of the First Congregational church, officiated at the service, which was private. Mrs. Albrecht brought her daughter here a few months ago, hoping that change of climate might benefit her, but instead she grew steadily weaker. Mrs. Albrecht is the wife of the late Prof. Albrecht, for over 17 years a member of the faculty of the Doshisha college in Kyoto, Japan, and it was in Japan that Miss Albrecht spent much of her life. She was 25 years of age and a girl of wonderful sweetness and charm."

### NO BARBERS SHOW UP SUNDAY

Printers Wanting to Play Them—Printers Defeat East Brainerd Team 16 to 12

The printers and the barbers were to play a practice game of baseball on Sunday but the only barber who came to practice was Fred M. Simmons. After a little preliminary work a game was arranged with the East Brainerd team.

There were eight printers present and after some discussion Fred Simmons, the barber, was impressed into service on the printers' team which then played the East Brainerd team and won out by the decisive score of 16 to 12. And this was accomplished in the entire absence of Pete Cardel.

The features of the game were the fielding of Hitt and Whitford and the batting of Simmons, Hitt, Whitford, Rodman, Sheets and Britton. The Brainerd Dispatch supplied two players, Albert Anderson and Fred Landon; the Tribune Fred Britton; the Journal Press Messrs. Sheets, Darling, and Rodman, Dick Whitford and Lester Hitt carry union printers cards.

## IRONTON VOTES TO INCORPORATE

By the Overwhelming Vote of 56 to 2 is Carried the Proposition to Incorporate

### TOWN SAID TO HAVE 400 PEOPLE

Messrs. Kreitter and House, of Duluth Visit Ironton and the Cuyuna Range

The new townsite of Ironton on the Cuyuna iron range voted overwhelmingly to incorporate as a village on Saturday, the vote resulting 56 for and 2 against the proposition.

A strange condition of affairs was found when a canvass of the people was made to get the voters to the polls. It was ascertained that more than 100 able bodied men were not entitled to vote by reason of their not being citizens. The vote and canvass would indicate a population of more than 400 people for the town that is not six months old.

J. W. Kreitter of Duluth, superintendent of the Duluth & Mesabe railroad brought a party of mining men and others to Deerwood in his private car and securing automobiles visited the different mining plants. They are reported to have expressed great surprise at what they say—this being their first visit to the range.

A short time ago, F. E. House, president of the Duluth & Iron Range railroad visited the Cuyuna range and people are wondering if there is anything behind the scenes in connection with the visit of these Mesabe range railway men.

The colored "sand hog" population at Ironton has been recently increased by the arrival of a number of highly dressed colored ladies and it is said more are on the way. They are a happy lot, but there is very little singing among them. It is claimed that working as they do under the pressure of compressed air in the concrete shafts forbids any undue lung exercises.

### BREAKS BONES OF FOOT

Frank Sherlund, Putting up Awnings, Falls into Cement Area Way of Ransford Block

On Saturday afternoon, while Frank Sherlund was standing on a board he had placed on the railing above the cement area way of the Ransford block near Grahams music store and was putting the awnings in position, the board broke and precipitated him to the cement floor 15 feet below. He landed in a heap and after medical examination it was found that the bones of his right foot were broken.

Frank Sherlund is a brother of L. W. Sherlund and Charles Sherlund and had recently come from Cuyuna. The accident is painful and will lay him up a month or more.

### ART WHITE IS HIGH MAN

Brainerd Team and Shooters Carry Away Honors at the Team Shoot at Cuyuna Sunday

Brainerd carried away the honors at the team shoot at Cuyuna on Sunday, defeating Aitkin and Cuyuna. Among the distinguished marksmen there was V. M. Sugrue, the state champion. Art White made the best record, shooting 47 out of a possible 50. George Trent, Sr., made 46 and George Trent, Jr., 44 out of possible 50. The Cuyuna team and the club was a most hospitable set of fellows and the arrangements and accommodations were of the best.

### MARRIED IN MICHIGAN

Christie Schilb and Miss Lottie Darling are Married at Benton Harbor, May 22

The News-Palladium of Benton Harbor, Mich., under date of May 23 records the wedding of two young people well known in Brainerd, Christie Schilb is the son of Mrs. Albertina Schilb and Miss Lottie Darling, his bride, is the sister of Mrs. C. A. Lagerquist. The article reads:

"At 8:30 o'clock last evening Rev. Geo. A. Sahlin, pastor of the Universalist church officiated at the marriage of Mr. Christie Schilb, of Los Angeles, Calif., and Miss Lottie Darling of this city. The people were attended by Mr. and Mrs. Ray Headley. The bride wore a becoming white embroidery dress and carried white carnations. Mr. and Mrs. Schilb expect to go west in the fall to make their home. After the marriage service a five course supper was served at Headley's restaurant which was enjoyed by the immediate relatives."

Good Games on Saturday and Sunday by Brainerd Teams and Other Nines

Brainerd high school played the Little Falls high school on Saturday afternoon at the Koering grounds and was defeated by the visitors by a score of 7 to 1. Up to the eighth inning the score was 2 to 1 in favor of Little Falls. Then Brainerd's fortunes swayed and 5 scores came in with two men out. Dietrick pitched for Little Falls and Alderman held down the slab for Brainerd. He allowed but two hits and struck out 15 Little Falls batters.

On Sunday the Brainerd Brewsters defeated the Cuyuna team by a score of 5 to 2. The Brainerd battery, Leslie Bush and Moxie Mahlum, was the feature in this game. A large crowd was present and many went up from Brainerd to see the game.

The South Side Juniors, a "kid" nine composed of 16 year old players, defeated the Crosby No. 1 team of adult players on Sunday afternoon at Crosby by the score of 18 to 17. Two home runs were hammered out by the two smallest players on the Juniors, Johnny Giles and Art Thoe. The manager of the Juniors is Ted Stallman and this team would rather play ball than eat.

Little Falls played St. Cloud at Little Falls yesterday and the Little Falls boys were victors by the score of 5 to 4. It was a ten inning game replete with exciting features. Newman pitched for Little Falls being replaced in the third inning by Dominick, the star left hander who held the St. Cloud players down to one scratch hit. George Lucas, Art Drogseth, Louis Grisback and Ed. Stallman went to the game in Cuddy's automobile. Other Brainerd visitors were Fred Allison and John Cummins.

In the Brainerd Boosters-Jenkins game on Saturday, where Brainerd won by the score of 14 to 6 Little, Wilson, Erickson and Templeton were the bright particular stars. Another game is expected to be played there on Saturday, June 10th, and this will be for a purse. The Brainerd boys were shown fine hospitality by the Jenkins players.

The Brainerd Four Leaf Clovers defeated the Poor Farm team by the score of 19 to 8 in a six inning game Sunday afternoon. The battery for the Clovers was R. E. Reid and L. C. Overly and for the Poor Farm was Larson and Nelson. Reid made a fine hit in the fourth inning bringing in many scores. The game was played in Oak Lawn township and was umpired by F. M. Hole.

### Famous Minstrels Coming

There is a feast in store for the laugh-hungry at the Brainerd Opera House, on Tuesday evening, June 6, when Richards & Pringle's Famous Minstrels make their appearance.

The mere announcement of this company's coming is usually sufficient to pack the theatre. Little need be said for this company, for they have been coming here for over a quarter of a century, and their merit is well known. In keeping with the policy of the management, everything is brand new. While several of the old favorites still remain, many new faces will be seen in the circle this season. Great deal of attention has been given to the singing and dancing portion of the program and lovers of the old-time minstrelsy will find much to please them. The vaudeville portion will be the most expensive ever carried by a minstrel company. Fred Simpson's Challenge band of twenty-five solo musicians are a prominent feature, and the management throw down the gauntlet to any minstrel company to produce its equal. Watch for the big free street parade at noon. There will be a street parade at noon. There will be a band concert in front of the theatre at 7:30 o'clock in the evening and the program will range from ragtime to grand opera.

### The Children's Hour

The Children's Hour meetings will not be resumed for a few weeks. Those in charge feel that the examination days are very busy and the early vacation days very precious. Sometime in August the meetings will begin again with the annual picnic at the home of Mrs. W. H. Gemmell.

### SOME GREAT RACING

Minnesota State Fair Program Has Been Received With Satisfaction by the Trainers

Hameline Minn., May 29, 1911—The popularity of the Minnesota State Fair grounds as training headquarters for high class race horses is rapidly increasing. At present there are about one hundred and fifty horses in active training at the Hameline park and work-out days bring many of the horsemen of the Twin Cities and surrounding country to the Hameline track. Work-out miles around 2:25 are becoming common and within a couple of weeks there will be some real stepping.

There are an exceptionally large number of "green" pacers and trotters in the strings of the various trainers and their development is being watched with more than ordinary interest. Many of them will be seen in the races at the state fair Sept. 4th to 7th and the talent are trying to get a line on what they may do at that time.

Of the record horses there are a number of performers that have won fame and money in Minnesota and over other tracks throughout the country. These are all being carefully prepared in the hope that they will "repeat." Some of the best known of these are Rollins, 2:06, being prepared by James Kerr, and Bill Bailey, 2:08½, in the stable of Fred Martin, who is also training seven green ones. "Rube" Parker is training Black Joe, 2:10¼; Capt. R., 2:10½, and Don Densmore, 2:10¼. W. J. Hawkshaw expects to do something with Miller Boy, 2:16¼. Geo. Loomis has only one record pacer and that is the veteran campaigner, Luke Vernon, 2:11¼. He has in his stable Johnnie G., trotter, 2:15, and a large number of unmarked performers with which he hopes to carry away the money. A number of other well known trainers and drivers have strings of prospective money winners about which they are reticent at present, but which they hope will make some noise later on.

The Minnesota State Fair speed program has been received with many expressions of satisfaction by the trainers now at the fair grounds and the prediction is general that horse lovers in this part of the country will see the greatest four days racing meet ever pulled off in the west when big fields face the starter for the big purses next September.

The six early events on the Minnesota program close May 29th. Many horsemen in different parts of the country have already signified their intention of making entries for these purses and it is already assured that the Minnesota State fair will this year see the best racing of its history.

The four world champions in M. W. Savage's stable which will be the star racing attraction on Labor Day, are being carefully prepared under the direction of Harry Hersey, at the Minnesota River farm of their owner. Mr. Hersey reports that the four great pupils of Dan Patch are in better condition than ever before. Favorable weather has helped along their training and they are already showing speed and form beyond that ever known at this time of the year. Two minute race records for one or more of the quartet at the Minnesota state fair are confidently predicted.

### Warning to Railroad Men

E. S. Bacon, 11 Bast St., Bath, Me., sends out this warning to railroaders: "A conductor on the railroad, my work caused a chronic inflammation of the kidneys, and I was miserable and all played out. A friend advised Foley Kidney Pills and from the day I commenced taking them, I began to regain my strength. The inflammation cleared and I am far better than I have been for twenty years. The weakness and dizzy spells are a thing of the past and I highly recommend Foley Kidney Pills." For sale by all druggists. dw

## TO GROW CAMPAIGN FUND.

Acres of Cotton to Furnish Oklahoma Socialists Money For 1912.

The Socialists hope to carry Oklahoma in 1912, and they purpose doing it by growing cotton. William Crawford owns a tract of land near Muskogee. He has turned over five acres of this to the Socialists. They have plowed and planted it to cotton. This work is contributed free of all cost by the local Socialists. They will cultivate the crop, pick and sell it, and the entire gross receipts will be contributed to the state campaign fund for the next election, which will be in 1912.

This plan, which is being followed all over the state, is likely to create a tremendous campaign fund. Five acres of cotton ought to bring \$250. The shortage of funds always has been the great handicap of the Socialist party.

But the cotton patch project is not all. Following the request of leaders, individual Socialists where there are no local organizations are setting aside the gross receipts of one acre of land or one steer, one hog or some other live stock which will be sold and the money given to the campaign.

## Laziness Leads to Invention.

Laziness has been at the back of many an invention, and it was a lazy pointsman who hit on the idea that made the distance signal possible. According to Sir George Finlay, it was in 1846 that a pointsman who had to attend to two station signals some distance apart decided to save himself the trouble of walking to and fro between them by fastening the two levers together by a long piece of wire. A broken iron chair served as counterweight. The wire ran on into his hut, and there he sat nightly and worked the two signals without setting foot outside till he was found out and reprimanded and promoted.—London Chronicle.

## LOWELL SCHOOL ELECTION

Result Announced by Liberal, Conservative and Independent Tickets of Mock Election

The Lowell school has completed its mock election and the effort of Miss Katherine A. Howland to teach her pupils in the seventh and eighth grades how actual voting is done in civic elections has certainly been productive of much good. The pupils took a great interest in the election, forming three parties, adopting platforms, canvassing for votes, placarding, Northeast Brainerd with their election cards, and entering into the spirit more thoroughly than any amount of book reading could accomplish without the concrete example offered by the election.

The results among the Liberals are: Presidential electors: Mable Mudge, Edith Caird, William Thompson, Alice Russell, Selma Peterson, Ernest Lind, Henry Ebinger, Goldie Lund, Frieda Peterson, Edward Ebinger and Dora Scharfen, 33 votes.

U. S. Representative, Robert Johnson, L. L. D., 20. Governor, Minnie Swanson, 29; state secretary, Arthur Gartner, 33; state representative, Gustave Walstrom, 26; state senator, Hilding Nelson, 21. On the county ticket were county attorney Marie Stein, L. L. D., 26. Coroner, Dr. Martha Clauson, 23; county superintendent of schools, Beatrice McDonald, 29; county sheriff, George Crust, 30; on the city ticket were mayor Orna Stanley, 21; member school board Esther Saterlee, 27; Alderman, Cecil Mayo, 28.

The results among the Conservatives are:

Presidential electors: Lizzie Benson, Elsie Gatten, Richard Wayt, Charles Thomas, Elfrida Kaatz, Sigrid Lind, Pearl Zander, Ethel Jones, Hazel Barron, Nettie Wentworth, Ellen Lind, 26 votes.

U. S. Representative, Walter Roney, L. L. D., 24 votes. On the state ticket were governor, Ira Arnold, 25; state secretary, Herbert Haake, 23; state representative, Raymond Haake, 29; state senator, Gertrude Driver, 32. On the county ticket were county attorney, Mildred Edling, 32. County coroner Dr. DeEtta Rose, 29. County superintendent of schools, Elsa Peterson, 29. County sheriff, Roy Norquist, 28. On the city ticket were mayor Edna Norquist, 27. Member of school board, Marie Hass, 31. Alderman Phoebe Apgar, 31.

The Independent ticket put up two candidates, Dr. Orville Merwin for county coroner who polled 15 votes and Leonard Anderson for mayor who got 10 votes.

On Friday the presidential electors met and cast their votes for president and vice president. On the Liberal ticket Ben Anderson was the presidential nominee and Aldert Lind the vice president. On the Conservative ticket Bert Norquist was the presidential candidate and George Irwin the vice president.

The children were not backward in adopting titles, etc., and three L. D's were in the field for office and three doctors ran a killing race for coroner.

## Foley's Kidney Remedy Acts Quickly

M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better. I do not hesitate to recommend Foley Kidney Remedy." Sold by all druggists.
